STEEL TALONS™

Select a combat mission.

Zoom into a first-person view of enemy transport trucks.

Destroy the jets before they take off from the runway.

REALISTIC HELICOPTER CONTROLS!

Each player station includes:

- ★ Cyclic, a joystick-like control, for movement forward, reverse, left and right
- ★ Trigger button on cyclic for firing 30mm machine gun
- ★ Thumb button on cyclic to fire missiles or rockets
- ★ Collective, a handle at the left side of the seat, for controlling helicopter altitude

- ★ Rudder, a realistic rocking bar at the player's feet, for stationary rotation
- ★ Zoom button on control panel to select third-person or first-person perspective
- ★ Real Helicopter Flight mode to challenge the skilled player
- ★ Atari's exclusive "Rump-Thump," when hit by enemy fire, an audible kick is delivered to the player's seat by a solenoid
